

3 Reasons to add a Sun Tunnel Skylight when you replace your roof

Before

After

Ideal rooms:

- Bathrooms
- Walk-in closets
- Hallways
- Stairwells
- Laundry rooms
- Entrance ways

Energy Kit:

Don't forget to add an Energy Kit to ensure optimal performance in the Canadian climate. The Energy kit increases energy efficiency and ensures energy star qualification.

1

Affordable

Sun Tunnel Skylights are an affordable alternative to a Skylight and they are the perfect product to deliver daylight deep into a home. Tunnel length can go as far as 20' on rigid models.

2

Quick Installation

Due to the patented Flexi-Loc™ system VELUX Sun Tunnel Skylights can be installed quickly with no structural changes to the house.

3

Coinciding Warranties

Why not ensure that both your roof and Sun Tunnel warranty are identical. Eliminate the hassle of multiple dates and invoices. VELUX Sun Tunnels are backed by a 10 year manufacturer's warranty.
